

.....The bridal registry with more than just gifts

“Thank you so much for helping us choose gifts that we love and will look lovely in our new home!” Matt & Sam

THE HOUSE SHOP INTERIORS has been helping couples create and manage their wedding list for over ten years - giving our couples a vast choice of gifts, a service that is quick and easy for them and their guests to use, and a personal advisor who will answer all their questions and take care of the rest.

The thought of creating a wedding list can be daunting, but with the help of a highly trained wedding list consultant, it really is a hassle free way to compile a list of wonderful gifts and there's no need to spend hours traipsing around several shops. **THE HOUSE SHOP INTERIORS** prides itself on selling the basic essentials and better known brands and designers, but also offers more unusual and individual gifts, giving individuality to your list. It is such a wonderful selection and we are very confident that we will be able to help you create a selection of fabulous presents your guests will be thrilled to buy for you and will reflect your style and every aspiration for married life!

To let your guests know where your list is being held we'll give you complimentary notification cards with all our contact details. Your guests can purchase a gift leaving a personal wedding message, either online, by phone or by visiting our showroom. The specialist team will guide your friends and family through the process and choice of gifts. You'll be regularly notified of what has been selected and the list can be continually added to, which will ensure it remains full of lovely gifts right up until the wedding. In addition you can view the progress of your list at any time. The service is free of charge to you and your guests.

As a gesture of good will **THE HOUSE SHOP INTERIORS** will offer you a 10% gift voucher to the value of your wedding gifts, for you to spend on any additional purchases you make in the future.
